Corporate Governance Policies - The Voice of Corporate

Information and technology (IT) governance is a subset discipline of corporate governance, focused on information and technology (IT) and its performance and risk management. The interest in IT governance is due to the ongoing need within organizations to focus value creation efforts on an organization's strategic objectives and to better manage the performance of those responsible for creating ...

Corporate governance of information technology - Wikipedia

Corporate Governance. Avon is committed to maintaining the highest standards of ethics and integrity in its relationships with the company's Board of Directors, shareholders and other constituents, and in its business conduct, consistent with company values, and in compliance with both the letter and spirit of all applicable laws and regulations.
