The Generation Gap in American Politics. Wide and growing divides in views of racial discrimination. Generational differences have long been a factor in U.S. politics. These divisions are now as wide as they have been in decades, with the potential to shape politics well into the future.

### **The Generation Gap in American Politics - people-press.org**

An American perspective has dominated media coverage of the event, to the point that one of the biggest flurries in the Indian press around it had to do with an American article on the subject.

### **How American Politics Became So Ineffective - The Atlantic**

Politics is also about whether government is doing the right things or the wrong things, whether specific public policies should change, and whether the government has the right priorities. Many of these political questions about the right size and proper role of government are actually questions about whether a political system is a just system.
