That kind of skeptical, questioning, "don't accept what authority tells you" attitude of science is also nearly identical to the attitude of mind necessary for a functioning democracy. Science and democracy have very consonant values and approaches, and I don't think you can have one without the other.

Reference: Joseph Smith, His Family and Friends Able D. Chase signed the above statement in our presence, and he is known to us and the entire community here as a man whose word is always the exact truth and above any possible suspicion.

Could Joseph Smith have written the Book of Mormon?

This analysis, while pretty competent, is coming from a guy who wrote a book called "The Republican War on Science." It is nice to see at least some of your cards on the table.
