The Wald test is a parametric statistical test named after the statistician Abraham Wald. Whenever a relationship within or between data items can be expressed as a statistical model with parameters to be estimated from a sample, the Wald test can be used to test the true value of the parameter based on the sample estimate.

The discovery of cosmic microwave background radiation constitutes a major development in modern physical cosmology. The cosmic background radiation was measured by Andrew McKellar in 1941 at an effective temperature of 2.3 K using CN stellar absorption lines observed by W. S. Adams. Theoretical work around 1950 showed that the need for a CMB for consistency with the simplest relativistic ...

Competences represent a summary of key professional and personal skills/talents and behavioural patterns of an individual. They form the basis of any proficient working behaviour, and the level of their maturity is crucial for the successful performance of the profession concerned.

### **Competences and Competence Model of University Teachers**

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.
