This bar-code number lets you verify that you're getting exactly the right version or edition of a book. The 13-digit and 10-digit formats both work.

### **Product Design and Development (Irwin Marketing): Karl**

In business and engineering, new product development (NPD) covers the complete process of bringing a new product to market. A central aspect of NPD is product design, along with various business considerations. New product development is described broadly as the transformation of a market opportunity into a product available for sale. The product can be tangible (something physical which one ...

A product design specification (PDS) is a statement of how a design is made (specify the design), what it is intended to do, and how far it complies with the requirements. Requirements may be gathered in the Product Requirement Specification (PRS). Its aim is to ensure that the subsequent design and development of a product meets the needs (or requirements) of the user.
