Net profit, also referred to as the bottom line, net income, or net earnings is a measure of the profitability of a venture after accounting for all costs and taxes. It is the actual profit, and includes the operating expenses that are excluded from gross profit. A common synonym for net profit when discussing financial statements (which include a balance sheet and an income statement) is the ...

Science in a broad sense existed before the modern era and in many historical civilizations. Modern science is distinct in its approach and successful in its results, so it now defines what science is in the strictest sense of the term. Science in its original sense was a word for a type of knowledge, rather than a specialized word for the pursuit of such knowledge. In particular, it was the ...

Introduction. More than 140 years after slavery was legally abolished, concern about a new form of slaveryâ€”human traffickingâ€”emerged on the world stage. Federal legislation passed in the United States in 2000 1 defined human trafficking as the illicit enslavement of individuals into labor or commercial sex through means of force, fraud, or coercion.
